ABOUT US

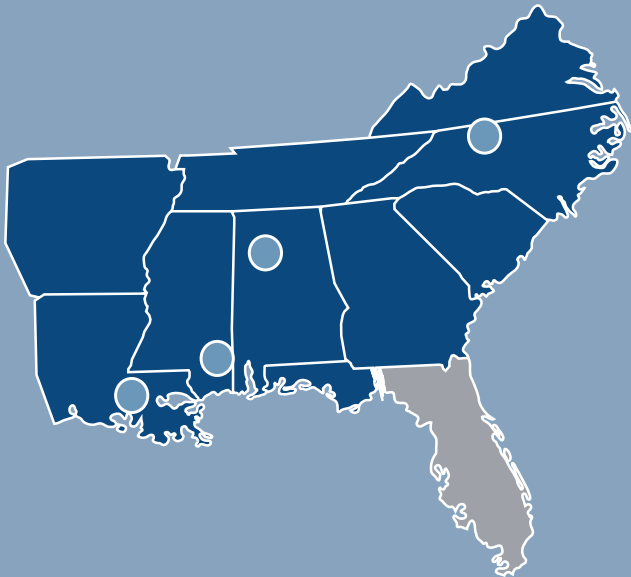

For over 35 years, BBP has delivered trusted expertise in industrial instrumentation, valves, analytical products, and control systems. Founded in 1990, we serve customers across the Southeast with experienced sales teams, multiple locations, and 24/7 service. Our commitment to responsive support, technical knowledge, and customer-focused solutions ensures we provide reliable performance throughout every project.

LIKE. TRUST. COMMITMENT.

OUR TERRITORIES

- LOUISIANA
ARKANSAS
MISSISSIPPI
ALABAMA
GEORGIA
FLORIDA
- TENNESSEE
SOUTH CAROLINA
NORTH CAROLINA
VIRGINIA

INDUSTRIES WE SERVE

OIL & GAS
With the critical demand of knowledgeable workforce in the oil & gas industry, BBP promises to provide you with products that ensure a thorough understanding of maintaining a safe, reliable workplace.

ENGINEERING
We integrate our method of solution-based service and technical expertise with visionary engineering firms to produce viable projects that serve their communities with unprecedented outcomes.

CHEMICAL
To meet the unique requirements of rigorous testing procedures found in chemical plants, BBP serves our customers quality control systems to measure continuous and batch production processes.

FOOD & BEVERAGE
Our number one goal is to provide customers with the tools and solutions that produce a safe, high-quality, and consumable product while keeping sustainability and efficient practices in mind.

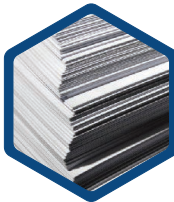

REFINING
Our extensive experience with unit operations equips our application engineers to meet the needs of the most challenging projects while maintaining safety and efficiency standards of the refining industry.

MUNICIPAL
With access to leading-edge technology and vast application expertise, BBP will work with you to implement reliable, effective water solutions that operate smoothly in a highly competitive market.

POWER GENERATION
Equipped with best practices and superior service, we provide solutions to overcome the unique challenges associated with maintenance, repairs, upgrades and other intricacies of the power generation industry.

PULP & PAPER
We meet the challenges of the Pulp and Paper industry by employing service technicians with considerable product knowledge and experience in mills across the Southeast.

PHARMACEUTICAL
Efficiency and reliability are critical components for successful pharmaceutical manufacturing practices, which is why we deliver innovative solutions to meet our customer's needs.

MARINE
With years of experience serving the marine industry, our application engineers use their extensive product knowledge to create custom solutions for our customers while maintaining safe, reliable practices.

SERVICE

Turnaround Services: Instrumentation & Analytical

- Turnaround Project Management
- Verifications
- Loop Checks/Function Testing/PM's
- Calibrations (Pressure, Flow, Level, Temperature, Gas Detection, Analyzers and Vibration)
- Interlock Testing, SIS & SIL Testing

Control Services

- PLC Programming and Troubleshooting
- HMI Programming
- Ignition by Inductive Automation
- Engineering Design and Implementation
- UL 508A/698 approved panel shop
- Yokogawa DCS Integration

Certifications

- Active Member of DISA Compliance
- Fleet Safety Program for Safe Driving
- BBP is highly rated by contractor management platforms including:

www.bbpsales.com

Turnaround Services: Valves

- Valve Repair: Control + Quarter Turn
- Actuator Repair: Control + Quarter Turn
- Replace vs. Repair Analysis
- Valve Diagnostic Analysis, Valve Stroke Testing & Partial Stroke Testing

Nuclear Services

- Licensed and Trained Radiation Safety Offers (RSOs)
- Start-up for New Sources and Sensing Instrumentation
- Source Holder & Shutter Repair
- Leak Test & Shutter Checks
- Source Transfer
- Troubleshooting

VALVE AUTOMATION

Our Facilities

- 12,000 sq. ft. in Baton Rouge, LA
- 10,000 sq. ft. in Pelham, AL
- ISO 9001 certified QMS

Valves

- Manual & Automated Packages
- Ball Valves/Butterfly Valves/Plug Valves
- Knifegate Valves
- Gates/Globes/Checks
- Damper Valves/Airlock Rotary Valves

- Speciality Valves & Sample Valves
- Fire Safe/Cavity Free
- High Pressure/High Temperature
- Double Block & Bleed
- Ceramic Valves & Ceramic Lined Pipe

Actuators

- Pneumatic
- Electric
- Hydraulic

- Electro Hydraulic
- Speciality Gears & Lock Out Devices

PROCESS AUTOMATION

Partner with BBP Process Automation for cutting-edge technology and personalized service tailored to your unique needs. Our team of seasoned professionals is dedicated to delivering reliable, high-performance systems that enhance productivity and support sustainable growth.

Automation

- DCS
- PLC
- SCADA
- Historian
- Advanced Applications

Engineering Services

- OT Networking
- QA/QC
- Cyber Security
- LoRaWAN
- IT/OT convergence

Design Services

- Electrical Design
- Control System Design
- Cabinet Layout
- I/O Lists

Current and Legacy Platform Support

BBP Process Automation provides integration, migration, and modernization services for a broad spectrum of industrial control systems, supporting both current and legacy platforms. Our expertise spans a wide range of popular DCS, PLC, and SCADA solutions.

www.bbpsales.com

PANEL FABRICATION

BBP'S UL 508A/698A certified panel shop delivers precision-built control systems tailored for any scale or industry. From hazardous location panels to complex, plantwide automation builds, our expert team ensures quality, compliance, and speed. Every panel comes complete with full documentation, factory testing, and the option for UL certification, ready to drop into your operations with confidence.

PLC Cabinet

Redundant Cooler Panel

XP UPS H2S Alarm Panel
